List
Of
Controlled
Substances

For the
State
Of
Arkansas
Pursuant to the provisions of Arkansas Code Annotated § 5-64-201 and § 5-64-216 of the laws of the State of Arkansas, the Director of the Arkansas Department of Health or duly authorized agent, as specified by law, is giving public notice of the publication of the List of Controlled Substances for the State of Arkansas.

Due consideration has been given applicable federal regulations, current scientific knowledge regarding the listed substances, the evidence of actual or relative potential for abuse, the history and current patterns of abuse, the risk to the public health, and potential to produce psychic or psychological dependence liability.

Based on these considerations the attached listing of the Schedule of Controlled Substances and the corresponding drugs that are included in each schedule is hereby promulgated by the Director of the Arkansas Department of Health as the List of Controlled Substances for the State of Arkansas.

Each controlled substance or basic class thereof, has been assigned an “Administration Controlled Substance Code Number” for purposes of identification. These numbers are for internal management and are used as a means to identify substances with complex and cumbersome chemical names.

Next to the code number is the date the substance was placed in schedule by the Director of the Arkansas Department of Health.

I, James Myatt, P.D., Branch Chief of Pharmacy Services for the Arkansas Department of Health, do hereby certify that the documents attached hereto are true and correct copies of the current List of Controlled Substances adopted by the Arkansas State Board of Health in accordance with Arkansas state law.

James Myatt, P.D., Chief
Pharmacy Services Branch

STATE OF ARKANSAS  
COUNTY OF SALINE

LIST OF CONTROLLED SUBSTANCES

SECTION I AUTHORITY

The following scheduling of these controlled substances has been hereby promulgated pursuant to Arkansas Stat. Ann. §§5-64-201 and §5-64-216.

SECTION II PURPOSE

Due consideration has been given applicable Federal regulations, current scientific knowledge regarding the listed substances, the evidence of actual or relative potential for abuse, the history and current patterns of abuse, the risk to the public health, and potential to produce psychic or psychological dependence liability.

SECTION III GENERAL REQUIREMENTS

(Attached copy of the listing of scheduling of controlled substances)

SECTION IV REPEAL

All lists of schedules of controlled substances in conflict herewith are hereby repealed.

CERTIFICATION

In accordance with Ark. Code Ann. § 5-64-414(c), the Washington County Office of the Prosecuting Attorney notified the Director of the Department of Health that an analog to a substance on the List of Controlled Substance was found in a synthetic hallucinogenic product tested by the State Crime Laboratory.

The Director of the Department of Health and Secretary for the Arkansas State Board of Health finds imminent peril to public health, safety, or welfare requiring the adoption of the following rule upon fewer than thirty (30) days' notice. It is found and determined by the Director of the Department of Health and the Secretary of the Arkansas State Board of Health that 25C-NBOMe is an analog of 2C-B, an existing substance found in Schedule I of the List of the Controlled Substances, and should be immediately classified as a Schedule I Controlled Substance.

Wherefore, the Director of the Department of Health and Secretary for the Arkansas State Board of Health specifically finds that 2-(4-chloro-2,5-dimethoxyphenyl)-N-[(2-methoxyphenyl)methyl]ethanamine or 25C-NBOMe has a high potential for abuse and has no accepted medical use in treatment in the United States and should be immediately classified as a Schedule I Controlled Substance pursuant to Ark. Code Ann. § 5-64-201.
Therefore, an emergency is hereby declared to exist and this Rule, being necessary for the immediate preservation of the public peace, health and safety, shall be in full force and effect from and after May 22, 2013.

Nathaniel Smith, M.D., MPH
Interim Director, Arkansas Department of Health
